New Year Message from Managing Director, CWC & CRWC

**IF YOU WANT TO SHINE LIKE A SUN,
FIRST BURN LIKE A SUN.**

- A. P. J. Abdul Kalam

Greetings to the CWC Parivar we welcome the New Year 2023 with increased zeal and zest, as our Corporation is on the cusp of achieving Rs.2400 crore turnover. From being a Warehousing Service Provider (WSP) of food grains, CWC has grown to have a sustainable, balanced mix of revenue streams of agriculture and other notified commodities, facilitating storage and logistics support to the EXIM trade, offering storage solutions to modern day requirements of e-commerce and organized retail, including temperature controlled storage. Today, CWC is capable of providing warehousing and logistics services to meet the requirement of any industry/segment.

The Corporation's growth story is being scripted by building upon the areas of Capacity Augmentation, Modernization, creation of warehousing and logistics infrastructure, Asset Monetization, Rail operations, Cold Storage / Temperature controlled storage operations, automation and venturing into value added services comprising of grading, sorting, processing, packaging, palletizing etc. All general warehouses are registered under WDRA capable of facilitating pledge finance to farmers and other needy depositors. Becoming the Repository Participant is a step forward towards developing an ecosystem for facilitating and promoting eNWRs. Let us plan to provide a comprehensive package of services to our agri-customers.

On the Engineering front, we are now focusing to create lean maintenance environment and reduce Life Cycle Cost (LCC) by using material requiring less maintenance. Emphasis on Quality and Safety Audits, and striving for Five Star rating is with the aim to improve quality standards of Warehousing infrastructure. We are now targeting modernisation of our end of economic life warehouses, making ourself more competitive and compatible with emerging warehousing needs in the years to come.

We have improved our internal delivery system by formulating project specific teams resulting into better coordination among various Divisions, focussed approach and thus faster execution of work enabling us to meet the deadlines. Our system-based operations, backed by clear SOPs & DOPs ensures Accountability-Responsibility-Transparency (ART) at work. CWC is already a 100% digital CPSE with the adoption of e-procurement, e-Office, BTS, e-Payment gateway, integration of Tally with WMS, and other e-tools. Now the next destination is a robust ERP for the integrated and secured digital environment. The induction of manpower, both regular & outsourced, will be as per

the study on Manpower Planning carried out by National Productivity Council. With Ministry's approval of restructuring of pay scales (E1 to E-6) and Group-C staff by BoD, there will be significant induction of professionals of very high caliber in our Corporation making it a blend of young and experience i.e. capable of rising to new challenges.

We are targeting an ambitious Rs. 5000 crore turnover with an operating capacity of 710 L SqFts, at least 20 value added service centres, 180 cold storage units, mechanised handling operations, modern warehouses in Tier 1 and 2 cities, procurement operations for Government and body corporates, Rail operations, Gati Shakti Terminals, robust ERP and AI based automation by 31st March, 2025. This growth trajectory demands dedicated staff with passion at their best, highly motivated and compatible to drive the change and the will-do attitude to provide warehousing services with par excellence.

Further, we warmly welcome CRWC after its merger with CWC with aim to surpass past achievements and work together to expand our reach in domestic as well as international markets. With that, let's also acknowledge the fact that scaling growth requires passionate people and a willingness to learn and take initiative. It is indeed a matter of colossal pride for me to announce that the Corporation has been performing exceptionally well in the recent years. It is indeed my honor to serve as Managing Director of strong, self-motivated team of 2300+ employees; of the Corporation which has been rated "Excellent" by the Ministry consecutively during 2018-19, 2019-20 & 2020-21.

Our '**Kartavya**' is to stand by the faith reposed in us by the esteemed Board of Directors and the Ministry, who have been with us providing constant guidance. We must continue to innovate, experiment, communicate our minds, overcome biases, dream big, listen to our customers, and use technology to serve stakeholders and society at large.

Let us joyfully and passionately continue our relentless efforts in pursuit for excellence through the Year-2023 and keep achieving greater heights.

Managing Director, CWC
