Kochi, Lucknow, Mumbai, Patna/Bhubaneswar**

Sub: Addendum & Corrigendum to DWT agreements due to non-revision of area basis storage tariff for the year 2020-21 – reg.

In the overall commercial interest of the organization as well as to help the trade and industry, CWC has decided to keep the area basis storage tariff unchanged, i.e. without any escalation / increase in tariff till 31st Mar'2021. Accordingly, the escalation of tariff, as applicable in terms of extant DWT agreements in operation, has also been deferred till 31st Mar'2021.

Therefore, Regional Managers should clearly convey the aforesaid decision of CWC to all customers/depositors of DWT. You should also clarify that the next revision/escalation of storage tariffs will be due on 01.04.2021, irrespective of the due dates of revision/escalation falling anytime during the F.Y. 2020-21.

Further, RMs and customers/depositors should sign the A&C (Addendum & corrigendum) to the DWT agreements, well in advance, in order to avoid any confusion or say communication gap on later date regarding deferment of revision/escalation of the storage tariff for the year 2020-21 as well as applicability of escalation clause/revision of tariff w.e.f. 01.04.2021.

(Samuel Praveen Kumar)
General Manager (Comm.)
