C I R C U L A R

Sub: Provision of approved estimates in the revised budget 2019-20.....reg.

The budget for the year 2019-20 was approved by the competent authority and circulated vide CO letter No. CWC/FD-Budget/BE/2019-20 dt. 03.12.2018. The provisions of CAPEX works based on the inputs given by the RMs were considered in the budget. The budgetary provision has been taken for upgradation works (CAPEX), new projects and other petty projects of capital nature. Subsequently RMs was requested to fix the priorities of the CAPEX works under category-I, II & III. The works under category-I and II are to be executed during 2019-20 and Category-III works are to be taken during 2020-21 after approval of the estimates by last quarter of 2019-20.

It is observed that due to change in the priorities of works (Category-I & II) w.r.t. approved budget, some estimates for such centres which were earlier not considered in the sanctioned budget 2019-20 are also being approved by the competent authority. Similarly, due to some exigencies, works/estimates are also being approved at other centres which are not included in the earlier approved budget of 2019-20. The AA&ES of all the approved estimates are being communicated to the concerned RMs from time to time.

In view of above, a necessity has arisen for making the provisions of all such approved estimates, which were not earlier considered in the sanctioned budget, be taken in the revised budget estimate of 2019-20 at RO-level. It is necessary to account for all the capital works judiciously during 2019-20.
