TECHNICAL ADVISORY

Sub: Technical sanction of the estimate and estimated cost put on the tender.....reg.

For increasing the transparency in the bidding system, the prices mentioned in the schedule needs to be loaded with cost index which is also a practice in CPWD. Therefore, it has been decided that the same practice will be adopted in CWC tendering system and following procedure shall be adopted for accord of Technical Sanction:

- A) The price schedule (Schedule-A or estimated cost to be put in the tender) shall be prepared by loading cost index approved in PR over DSR rates.
- B) Structural drawings and Lay Out Plan shall be prepared enclosed in the tender document.

At the time of technical bid opening a justification of rate (JFR) statement shall be prepared by Engineers and will be approved by authority who has technically sanctioned the tender estimate. This JFR shall be prepared in line of Clause No.5.1.6 of CPWD Works Manual-2019 and SOP No.5/3.

This is in line of CPWD Works Manual, therefore, it is to be followed strictly.

Encl: As above

(ROOPENDRA KUMAR SHARMA)
CHIEF ENGINEER(I/C)
