Dated 14.09.2016

CIRCULAR

The Corporation is in the process of implementation of a new Payroll Application which is being implemented at Corporate Office and is being rolled out at all Regional Offices / Construction Cells.

Currently deduction in respect of Society Deductions vary in every month on regular basis which include membership subscription as well as loan (principal and interest thereon) and the same is recovered through monthly salary of the employee. A variation in the instalments of society subscription / loan each month leads to an onerous task of data feeding in payroll application.

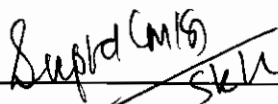

Therefore, all the Regional Offices / Construction Cells are advised to take up with the respective Credit Societies to switch to the loan recovery in Equated Monthly Instalments (EMIs) immediately so that the payroll application can be implemented smoothly.
