No. CWC/MIS/E-procurement/2018-19

1537 E

Dated: 18.03.2019

CIRCULAR

Sub.: Changes in e-tender/model e-tender document w.r.t e-payment (EMD, Tender processing fees, Tender cost), preparation of technical bid format in e-tendering portal, last date of downloading of tender (Technical & Price bid format) and last date of bid submission...reg.

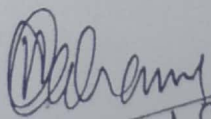

It has been decided that the following illustrated changes may be incorporated in the model tender and tenders floated by the Corporation with immediate effect.

1. The existing clause of receiving the EMD, Tender processing fees and Tender cost through NEFT/RTGS/DD etc may be deleted and the bidders should be allowed to pay the said fees only through e-payment gateway of the e-procurement system.
2. There should be a gap of one (1) day between the last date of downloading of tender document (technical & price bid) and last date of bid submission.

In addition to above, Divisions/ROs hosting e-tender should invariably prepare the pre-qualification bid and/or Technical bid format in the e-tendering portal, so that the prospective bidders shall upload the supporting documents against the Pre-Qualification/Technical Bid format, generated by the e-tendering portal.

The above mentioned changes may be incorporated in all the model tenders/ future tenders/existing tenders of the Corporation.

This issues with the approval of MD.
